VAT Registration No: GB840431165

We're proud to have built a global reputation as the No. 1 alternative to the OEM. Send us your requests, we'll be happy to help.

## Why choose TXO?

---

Here at TXO, we have been helping customers increase profits, decrease expenses and mitigate risk since 2005. Our ability to sell refurbished, used, recycled, discontinued and new products that are in good working condition along with our reputation for integrity, quality, and excellence is what sets us apart from the rest.

## Availability

---

With close to a million telecom network parts in stock, from the latest generations through to legacy and end-of-life, here at TXO we are recognised as a leader in fixed & mobile telecom parts supply. Our inventory includes over 1,500 OEMs including Nokia, Siemens, Alcatel-Lucent, Marconi, Ericsson, Nortel, Ciena, Juniper, etc. spanning all telecom domains including optical transport (SDH/SONET, DWDM, OTN), routers and switches for core and edge, 2G/3G/4G, servers and storage, and access network and CPE.

## Savings

---

Our telecom network equipment typically costs between 60–90% less than OEM list price depending on the series and manufacturer of the product, as well availability.

## Quality

---

All our telecom network equipment has known provenance and comes backed by our certified warranty for your total peace of mind. We work to supply the most reliable, electronically functioning product available – our products are screened and re-packed in new, unbranded ESD packaging, ensuring they reach you in the best possible condition.

## Customer service & product knowledge

---

With years of experience under our belt, the TXO team has extensive product and technical knowledge to quickly understand customers' needs and provide a cost-effective solution.

## Rapid delivery

---

Our large volume stock holding and quick turnaround times mean that we can dispatch equipment the same day. When and where possible, we will dispatch orders immediately on receipt of a purchase order.

## Sustainable approach

---

At TXO we're passionate about the circular economy and proud to help others take control of their resources. We are certified to ISO 9001 & TL 9000, ISO 14001:2015, ISO 27001, ISO 45001, AATF and WEEE compliant processes. In addition, we hold certification from EcoVadis in recognition of our exceptional levels of corporate social responsibility and we are keen to share this with all of our clients.
